By *Floyd Thomas Pratt F.H.C., M.A.G.I.* © July 2013 Revised 2015

PREFACE

This body of work has taken 40 years of record searching in courthouses, interviews with living relatives, cemeteries, microfilm reading of census records, deeds and most important of all...libraries from the local town library to the National Archives, resources gathered from all over Missouri and Tennessee.

I have had help from many researchers sharing their research over the years with the intent that one-day, I would be able to compile and share what was found with others seeking their family histories. It is with great pleasure I am able to share this accumulative descendant research in this comprehensive volume of work.

Please make copies of this file for future preservation. I am the only one who knows how to create a book of this caliber.

It is and always has been my desire to share what I have found with others so they may use our research as a springboard to launch their family histories. Only through knowing our ancestors...can we know ourselves.

1819 Monroe County, Tennessee Created on November 13, 1819

Named after James Monroe, Monroe county was established shortly after the signing of the Calhoun Treaty by the Cherokee in 1819, which relinquished the area to the United States. The Calhoun Treaty ceded all remaining Cherokee claims north of the Tennessee and Hiwassee Rivers, except a narrow strip in the mountains along the North Carolina line, between the Hiwassee River and the Little Tennessee River.

The land that is now Missouri was acquired from France as part of the Louisiana Purchase in 1803 and became known as the Missouri Territory on June 4, 1812. The southeastern portion of the territory was admitted into the union as the State of Missouri the 24th state on August 10, 1821. As other states were created from it's huge territorial boundaries, Missouri settled on its present shape as it is found today.

1825 Marriage of Joshua Blanton and Bethanie "Nancy" (HARMON) daughter of Stephen Nicholas "Nick" Sr. & Sarah (LUSTER) Harmon

Joshua Blanton and Bethany (**HARMON**) were married circa 1825. Since it was customary for the bride to be married in her parent's residence or local church, and Bethanie's parents have been residents of Monroe County, Tennessee since 1821, then logic dictates that Joshua and Bethanie were married at her parent's home in Monroe County, Tennessee. Couple this with the fact that Monroe County has just been organized as a legal county in 1819, it is not suprising that their marriage record has been lost due to county disorganization. Monroe County was still a backwards county when they were married in 1825. Also, Joshua's father; John Blanton Sr., who had moved from Harlan County, Kentucky, United States of the 1820 census to Monroe County, Tennessee via Greene County, Tennessee by the 1830 census would explain why Joshua left Greene County, Tennessee after the death of his first wife; Margaret "Peggy" (**McFARLAND**) and moved

down to Monroe County, Tennessee....to be near his parents. Checking the local newspapers at that time might reveal a more accurate marriage date, also checking the deed records should reveal Joshua and Bethanie's home property giving us a more accurate birth location of their children.

Research Note

Obviously, the "old timers" were in error when they stated John Blanton moved to Monroe County, Tennessee after he sold his property in Greene County, Tennessee in 1832. John Blanton Sr. who had moved from Harlan County, Kentucky, United States as listed in the 1820 census and sold a deed in Harlan County, Kentucky in 1821 may have settled first in Greene County, Tennessee then moved by the 1830 census to Monroe County, Tennessee. Evidence of his Greene County, Tennessee tenure can be found in his property purchases and his children's marriages commencing with Joshua's in 1825 and Absalom's in 1826. Gold was discovered in 1826 in Monroe County, Tennessee sparking a massive migration from all over the states to Monroe County. This would explain why many of the Blantons including my Pratts ended up in Monroe County, Tennessee by the 1830 census. Floyd Thomas Pratt F.H.C., M.A.G.I. 2011

Research Note..."Why I STILL can no longer support www.findagrave.com" by Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

After contributing over 1000 grave memorials, comments, stories and articles about various ancestors, Mr. Pratt removed his support for the Find A Grave website and severed his relationship with the Find A Grave organization. Due to unethical practices conducted by the FAG administration, this loss of ancestral data has been a serious blow to family history researchers. Sadly, I have asked them to remove all memorials, flowers and any references relating or mentioning my account or contributions. I have had an uneasy relationship with their administration for the last 5 years and in my opinion, they have lost faith and violated the public trust. I continue to list various Find A Grave memorials in my publications **strictly to affix the burial locations** in my reports. As usual, most memorial data on Find A Grave is in conflict with the facts and should not be accepted without research validation. Those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. St. Joe's Oldest Pensioner

Thirty-three years ago, June 1, 1937, Mr. Luther Blanton, 518 North Pine in Bonne Terre, Missouri, started his long life of leisure as a St. Joe pensioner. A visit to Mr. Blanton's home this past month for an interview found him on his way to his garden spot with a small box of tomato plants. He stated that he still does some gardening at his advanced age but he is limited by poor vision.

Descendants of Joshua Blanton

Mr. Blanton told us that he was born on a farm near Sullivan, Missouri, September 21, 1869, the son of William Wesley and Mary Ann Blanton. St. Joe records give Mr. Blanton's birthdate as September 21, 1871, which Mr. Blanton says is in error by two years. (Give or take a year or so, there isn't anyone around to dispute his 1869 birthdate.) He is the youngest of six children; two brothers, Charley and William Lee; three sisters, Sarah, Nancy and Jenny, all of whom died many years ago. His father was of French and Indian origin and his mother of Indian origin.

He recalled working on the family farm and in the timber before coming to Bonne Terre in 1901.

Mr. Blanton's name first appeared on St. Joe payrolls in November 1906 when he began work in the Bonne Terre Yard department. His jobs were those of caring for the stock on the company farm, section hand for the M.R. & B.T. Railway (a subsidiary of St. Joe at that time), crusherman, chat drag man, table man and laborer in the Bonne Terre mill. His last job prior to retirement in 1937 was that of watchman at the Bonne Terre yard. He mentioned the names of Hobbs, Kuchlin, McFarland, Donnegan, Delno and Aubuchon as some of his St. Joe foremen.

When asked to what he attributed his longevity, he said, "Indians live to be old and my mom was of the Cherokee Indian origin and lived to be over 100 years of age and I guess I take after her. I worked hard all during my life and I've never been married." (Author unknown newspaper unknown)

Research Note

Since William Luther "Joker" Blanton died on 18 October 1970 and this article starts out stating that 33 years ago on 1 June 1937, which, when you add 33 years to 1937 you get 1970, then this article was written in 1970 and before he died on the 18th of October 1970.

This article is another example of a Cherokee heritage mentioned on both sides of Luther's parentage. This means the Pratts, Blantons and Harmons had Cherokee ancestry since Abraham Absalom and Cynthia (**PRATT**) Blanton were the ancestors of Luther's father; William Wesley Blanton and Joshua and Bethanie "Nancy" (**HARMON**) Blanton were the ancestors of Luther's mother; Mary Ann (**BLANTON**).

Cynthia (**PRATT**) Blanton and sister to Henry Pratt was always known by her descendants as a Cherokee princess. Thus the Cherokee connection through the Pratts. Bethanie's mother; Sarah (**LUSTER**) as the story goes was full blooded Cherokee.

Stephen Nicholas "Nick" Harmon decided to look for his lost brother who was lost somewhere in the hills of Tennessee. Along his journey, Stephen Harmon met and became enchanted with this Cherokee beauty, named Sarah (**LUSTER**) and decided to marry her. So, in 1799 he married her in Greene County, Tennessee.

Therefore, since Stephen Nicholas "Nick" and Sarah (**LUSTER**) Harmon are the parents of Bethanie "Nancy" (**HARMON**) Blanton, then this would make her ½ Cherokee, and Joshua and Bethanie's daughter; Mary Ann (**BLANTON**), Luther's mother, would have been ¼ Cherokee.

1825 Marriage of Bethanie "Nancy" (HARMON) and Joshua Blanton son of John William Sr. & Rebecca (HOBBS) Blanton

Joshua Blanton and Bethany (HARMON) were married about 1825. Since it was customary for the bride to be married in her parent's residence or local church, and Bethanie's parents have been residents of Monroe County, Tennessee since 1821, then logic dictates that Joshua and Bethanie were married at her parent's home in Monroe County, Tennessee. Couple this with the fact that Monroe County has just been organized as a legal county in 1819, it is not surprising that their marriage record has been lost due to county disorganization. Monroe County was still a backwards county when they were married in 1825. Also, Joshua's father; John Blanton Sr., who had moved from Harlan County, Kentucky, United States of the 1820 census to Monroe County, Tennessee via Greene County, Tennessee by the 1830 census would explain why Joshua left Greene County, Tennessee after the death of his first wife; Margaret "Peggy" (McFARLAND) and moved down to Monroe County, Tennessee....to be near his parents. Checking the local newspapers at that time might reveal a more accurate marriage date, also checking the deed records should reveal Joshua and Bethanie's home property giving us a more accurate birth location of the children.

Research Note

Obviously, the "old timers" were in error when they stated John Blanton moved to Monroe County, Tennessee after he sold his property in Greene County, Tennessee in 1832. John Blanton Sr. who had moved from Harlan County, Kentucky, United States as listed in the 1820 census and sold a deed in Harlan County, Kentucky in 1821 may have settled first in Greene County, Tennessee then moved by the 1830 census to Monroe County, Tennessee. Evidence of his Greene County, Tennessee tenure can be found in his property purchases and his children's marriages commencing with Joshua's in 1825 and Absalom's in 1826. Gold was discovered in 1826 in Monroe County, Tennessee sparking a massive migration from all over the states to Monroe County. FAG administration, this loss of ancestral data has been a serious blow to family history researchers. Sadly, I have asked them to remove all memorials, flowers and any references relating or mentioning my account or contributions. I have had an uneasy relationship with their administration for the last 5 years and in my opinion, they have lost faith and violated the public trust. I continue to list various Find A Grave memorials in my publications **strictly to affix the burial locations** in my reports. As usual, most memorial data on Find A Grave is in conflict with the facts and should not be accepted without research validation. Those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. 1970 Newspaper Article

St. Joe's Oldest Pensioner

Thirty-three years ago, June 1, 1937, Mr. Luther Blanton, 518 North Pine in Bonne Terre, Missouri, started his long life of leisure as a St. Joe pensioner. A visit to Mr. Blanton's home this past month for an interview found him on his way to his garden spot with a small box of tomato plants. He stated that he still does some gardening at his advanced age but he is limited by poor vision.

Mr. Blanton told us that he was born on a farm near Sullivan, Missouri, September 21, 1869, the son of William Wesley and Mary Ann Blanton. St. Joe records give Mr. Blanton's birthdate as September 21, 1871, which Mr. Blanton says is in error by two years. (Give or take a year or so, there isn't anyone around to dispute his 1869 birthdate.) He is the youngest of six children; two brothers, Charley and William Lee; three sisters, Sarah, Nancy and Jenny, all of whom died many years ago. His father was of French and Indian origin and his mother of Indian origin.

He recalled working on the family farm and in the timber before coming to Bonne Terre in 1901.

Mr. Blanton's name first appeared on St. Joe payrolls in November 1906 when he began work in the Bonne Terre Yard department. His jobs were those of caring for the stock on the company farm, section hand for the M.R. & B.T. Railway (a subsidiary of St. Joe at that time), crusherman, chat drag man, table man and laborer in the Bonne Terre mill. His last job prior to retirement in 1937 was that of watchman at the Bonne Terre yard. He mentioned the names of Hobbs, Kuchlin, McFarland, Donnegan, Delno and Aubuchon as some of his St. Joe foremen.

When asked to what he attributed his longevity, he said, "Indians live to be old and my mom was of the Cherokee Indian origin and lived to be over 100 years of age and I guess I take after her. I worked hard all during my life and I've never been married." (Author unknown newspaper unknown)

Research Note

Since William Luther "Joker" Blanton died on 18 October 1970 and this article starts out stating that 33 years ago on 1 June 1937, which, when you add 33 years to 1937 you get 1970, then this article was written in 1970 and before he died on the 18th of October 1970.

This article is another example of a Cherokee heritage mentioned on both sides of Luther's parentage. This means the Pratts, Blantons and Harmons had Cherokee ancestry since Abraham Absalom and Cynthia (**PRATT**) Blanton were the ancestors of Luther's father; William Wesley Blanton and Joshua and Bethanie "Nancy" (**HARMON**) Blanton were the ancestors of Luther's mother; Mary Ann (**BLANTON**).

Cynthia (**PRATT**) Blanton and sister to Henry Pratt was always known by her descendants as a Cherokee princess. Thus the Cherokee connection through the Pratts. Bethanie's mother; Sarah (**LUSTER**) as the story goes was full blooded Cherokee.

Stephen Nicholas "Nick" Harmon decided to look for his lost brother who was lost somewhere in the hills of Tennessee. Along his journey, Stephen Harmon met and became enchanted with this Cherokee beauty, named Sarah (**LUSTER**) and decided to marry her. So, in 1799 he married her in Greene County, Tennessee. Therefore, since Stephen Nicholas "Nick" and Sarah (**LUSTER**) Harmon are the parents of Bethanie "Nancy" (**HARMON**) Blanton, then this would make her $\frac{1}{2}$ Cherokee, and Joshua and Bethanie's daughter; Mary Ann (**BLANTON**), Luther's mother, would have been $\frac{1}{4}$ Cherokee.

1825 Marriage of Joshua Blanton and Bethanie "Nancy" (HARMON)

Joshua Blanton and Bethany (HARMON) were married about 1825. Since it was customary for the bride to be married in her parent's residence or local church, and Bethanie's parents have been residents of Monroe County, Tennessee since 1821, then logic dictates that Joshua and Bethanie were married at her parent's home in Monroe County, Tennessee. Couple this with the fact that Monroe County has just been organized as a legal county in 1819, it is not suprising that their marriage record has been lost due to county disorganization. Monroe County was still a backwards county when they were married in 1825. Also, Johsua's father; John Blanton Sr., of the 1820 census of Harlan County, Kentucky, United States, who had moved to Monroe County, Tennessee via Greene County, Tennessee by the 1830 census would explain why Joshua left Greene County, Tennessee after the death of his first wife; Margaret "Peggy" (McFARLAND) and moved down to Monroe County, Tennessee....to be near his parents. Checking the local newspapers at that time might reveal a more accurate marriage date, also checking the deed records should reveal Joshua and Bethanie's homestead property giving us a more accurate birth location of the children.

Research Note

Obviously, the "old timers" were in error when they stated John Blanton moved to Monroe County, Tennessee after he sold his property in Greene County, Tennessee in 1832. John Blanton Sr. who had moved from Harlan County, Kentucky, United States as listed in the 1820

Descendants of Joshua Blanton

census and sold a deed in Harlan County, Kentucky in 1821 may have settled first in Greene County, Tennessee then moved by the 1830 census to Monroe County, Tennessee. Evidence of his Greene County, Tennessee tenure can be found in his property purchases and his children's marriages commencing with Joshua's in 1825 and Absalom's in 1826. Gold was discovered in 1826 in Monroe County, Tennessee sparking a massive migration from all over the states to Monroe County. 1850-1851 Marriage of Jacob "Jake" Wolf and Ruth A. (BLANTON)

Marriage to Jacob "Jake" Wolf probably at the bride's parent's residence in Johnson Twp, Washington, Missouri, United States

Research Note

Descendants of Joshua Blanton

In order to find out where Jacob and Ruth were married it looks like we need to look at the local newspapers at that time period. Usually they were married at the bride's parent's home. This would mean that they were married in Johnson Township, Washington County, Missouri. Also, order the county deed records from your local Family History Center for Washington and Crawford County to see if Jacob Wolf bought any property and when he sold same. This will give us an approximate departure time from Crawford County and maybe the birth location of the children.

1850 Childbirth of son; George Washington Wolf

George Washington Wolf was born in Johnson Twp, Washington, Missouri, United States in 1 October 1850.

Research Note

Researchers (death certificate) have listed George as being born in 1849. However, his mother; Ruth A. (**BLANTON**) was living as a single girl with her parents in the 30 October 1850 Johnson Twp, Washington, Missouri, United States census. Therefore, she had not married Jacob "Jake" Wolf as of the 30th of October 1850 and could not have given birth to George the previous year. George was probably born in 1851...after his parent's marriage.

Some have implied that maybe Ruth A. (**BLANTON**) had been previously married. This is a possibility due to her elderly age by the time she did marry. She would have been ready for marriage at the age of 15 in 1841 and could have had a spouse and was a widow or divorced by the 1850 census. Checking those newspapers in Washington County might reveal more information.

It appears that the Blanton and/or Wolf families may have known Milleander & Freeloove (**PARKER**) Radford since the Radford's are in the 1830 marriage record and 1840 census of Washington County, Missouri before their move to Carroll Twp, Reynolds, Missouri by the 1850 census. Their daughter; Margaret (**RADFORD**) married son; George Washington Wolf circa 1870.

1852 Childbirth of son; Joshua Wolf

Joshua Wolf was born in Johnson Twp, Washington, Missouri, United States in 1852.

1858 Childbirth of daughter; Ellen (WOLF)

Ellen (**WOLF**) was born near Harrison Mills Post Office, Liberty Twp, Crawford, Missouri, United States on 1858.

Jefferson D. Wolf was born near Harrison Mills Post Office, Liberty Twp, Crawford, Missouri, United States in 1862.

1863 Childbirth of daughter; Jennie (WOLF)

Jennie (**WOLF**) was born near Harrison Mills Post Office, Liberty Twp, Crawford, Missouri, United States in 1863.

1866 Childbirth of son; Jacob Wolf

Jacob Wolf was born either near Harrison Mills Post Office, Liberty Twp, Crawford, Missouri, United States or near Centerville Post Office, Carroll Twp, Reynolds, Missouri, United States in 1866.

Research Note

In order to determine where the above children were born, we need to see the deed records of both counties to ascertain when Jacob Wolf bought and sold property.

1860-1870 Family Move

What motivated the Wolf's to move from near Harrison Mills Post Office, Liberty Twp, Crawford, Missouri, United States to near Centerville Post Office, Carroll Twp, Reynolds, Missouri, United States between the 9th of August 1860 and 22nd of July 1870 is speculation. Ruth's parents were still living in Washington County, Missouri so they didn't move because her parental family ties had been broken. Maybe their son; George had married Margaret (**RADFORD**) and invited his parents to join him in Carroll Twp, Reynolds, Missouri, United States where they show up by the 1870 census. Or, it could have been her sister; Martha Catherine (**BLANTON**) whom married Gangham Keay that moved to Reynolds County and enticed Jacob and Ruth to make the move.

1870-1880 Death of spouse; Jacob Wolf

Jacob Wolf died either near Centerville Post Office, Carroll Twp, Reynolds, Missouri, United States or after they moved to Blairs Creek Twp, Shannon, Missouri, United States after the 22nd of July 1870 census date and before 16 June 1880 census date. Since Ruth is listed as a widow by the 15th of June 1880 then checking the newspapers for those counties might reveal a death notice and burial site.

1870-1880 Family Move

Keeping close ties with son, George is the probable reason for her move to Blairs Creek Twp, Shannon, Missouri, United States.

Missouri Marriage Records, 1805-2002

Name: Rutha Wolf Marriage Date: 25 April 1887 Marriage Location: Sullivan, Franklin, MO

Marriage County: Franklin Spouse Name: Martin Watkins

Research Note

Why she went back to Sullivan to be married can only mean one thing. She wanted to be near her family and friends. Knowing when her parents; Joshua & Bethanie (**HARMON**) Blanton died in Sullivan, Meramec Twp, Franklin County (between 1881-1890) maybe this marriage is an indication that Ruth wanted to be married so at least Mom could witness the wedding.

Newspapers should show an article about the wedding in Sullivan.

1900-1910 Death of Ruth A. "Rutha" (BLANTON) Wolf Wadkins

Ruth A. "Rutha" (**BLANTON**) Wolf Wadkins died probably in Moore Twp, Shannon, Missouri, United States after 14 June 1900 census date and before the 1910 census where her husband; Martin is listed as a widower.

1900-1910 Burial of Ruth A. "Rutha" (BLANTON) Wolf Wadkins

Once again, I know I sound like a broken record but, check those newspapers for death and burial information.

Research Note

Other than son George Washington Woolf, I could not find any additional information online for the other children. It is as if they fell off the face of the earth. Checking the Washington County Cemetery website was fruitless. Because her parents are also listed at house #665 near Harrison Mills Post Office, Liberty Twp, Crawford, Missouri, United States in the 1860 census proves her connection to this family in addition to all the other relatives mentioned above.

It is quite disturbing that we can identify only 6 children when in the 1900 census she listed she had had 13 children born and only 2 were living. We know son; George was still alive by the 1900 census but I have yet to determine who the other child was still alive by the 1900 census date.

The "other" Ruth **Jane** (**BLANTON**) daughter of Abner & Nancy (**STULTS**) Blanton who was born in 1824 in Roane County, Tennessee married John Linthicum in 1844 and had

Descendants of Joshua Blanton

children with him until her death. Ruth "Rutha" Jane (**BLANTON**) Linthicum died after the birth of daughter; Corneley E. (**LINTHICUM**) in 1857 and before her husband's 3rd marriage on 5 November 1863 in Franklin, Missouri, United States.

Therefore, these are two separate distinct women with families at the same time of the census records and could not possibly be one and the same. This means all of you who had recorded Ruth Jane (**BLANTON**) as marrying John Linthicum and Jake Wolf must change your records to reflect two separate women with two separate husbands at the same time with two separate parents.

Ruth married **Jacob "Jake" Wolf**, son of **Jacob Wolf**, in 1848-1850. Jacob was born in 1820 in 67th Regiment District, Monroe County, Tennessee, United States and died in 1870-1880 near Centerville Post Office, Carroll Twp, Reynolds, Missouri, United States at age 50.

John A. Blanton, a blacksmith and wagon-maker, of Sullivan, Franklin Co., Mo., was born in Monroe County, Tenn., May 1, 1830. He is the fourth of fourteen children of Joshua and Bethanie (**HARMON**), and in 1842 immigrated to Missouri with his parents, who settled in Scott County and engaged in agricultural pursuits. He received a very limited schooling in his native State, and alone mastered the English language sufficiently to engage in business for himself. He was married August 10 1851, to Sarah A., daughter of (sic) John Pratt, an old and honored citizen of Tennessee. Fifteen children were born to this union, seven sons and eight daughters, of whom two sons and two daughters are deceased. Those living are: Charles H., Alexander, Susan, Nancy, Virginia, Bethanie, John W., Phoebe and Edward (twins), Fred, and Emily J. After marriage, Mr. Blanton settled on a farm of ninety acres, which he worked, and followed smelting lead ore for a number of years. In 1861 he began the trade of a blacksmith, which he has since followed. Then the war broke out he enlisted in the Southern army under Gen. McBride, and participated in the battle of Pea Ridge, a number of skirmishes, and was discharged in 1862. He returned to his home and resumed his trade in Sullivan, where he now owns a good shop and tools, two houses and lots, and has an enviable reputation as a firstclass workman. He is a stanch Democrat, and lends hearty support to his party. Mrs. Blanton is a worthy member of the Methodist Episcopal Church South.

[Even though this article lists Sarah Ann Pratt's father as John Pratt, this is the only evidence to

support that Henry Pratt is John Pratt. Also, you must take into account that this article was written in the late 1880's and does not give the source of the information contained. 1838 Family Move "Trail of Tears"

A full account of the Henry Pratt family is in my book "[Henry Pratt Family of Greene County, Tennessee](#)". in this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the Trail of Tears in

Descendants of Joshua Blanton

September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by 1840.-Floyd Thomas Pratt

1841 Childbirth of sister; Matilda Jane "Janie" (PRATT)

Matilda Jane "Janie" (PRATT) was born 20 October 1841 in Richwoods Twp, Washington, Missouri, United States.

1841-1850 Death of father; Henry Pratt

Henry Pratt fails to show up in the 1850 census and is presumed dead. His last child was born 1842 therefore it is likely he died 1841-1850.

1841 to 1850 Death of Henry Pratt

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" (PRATT) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel (MILLER) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy (CARTER) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca (PRATT) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

John A. Blanton, a blacksmith and wagon-maker, of Sullivan, Franklin Co., Mo., was born in Monroe County, Tenn., May 1, 1830. He is the fourth of fourteen children of Joshua and Bethanie (**HARMON**), and in 1842 immigrated to Missouri with his parents, who settled in Scott County and engaged in agricultural pursuits. He received a very limited schooling in his native State, and alone mastered the English language sufficiently to engage in business for himself. He was married August 10 1851, to Sarah A., daughter of (*sic*) John Pratt, an old and honored citizen of Tennessee. Fifteen children were born to this union, seven sons and eight daughters, of whom two sons and two daughters are deceased. Those living are: Charles H., Alexander, Susan, Nancy, Virginia, Bethanie, John W., Phoebe and Edward (twins), Fred, and Emily J. After marriage, Mr. Blanton settled on a farm of ninety acres, which he worked, and followed smelting lead ore for a number of years. In 1861 he began the trade of a blacksmith, which he has since followed. Then the war broke out he enlisted in the Southern army under Gen. McBride, and participated in the battle of Pea Ridge, a number of skirmishes, and was discharged in 1862. He returned to his home and resumed his trade in Sullivan, where he now owns a good shop and tools, two houses and lots, and has an enviable reputation as a firstclass workman. He is a stanch Democrat, and lends hearty support to his party. Mrs.

Descendants of Joshua Blanton

Blanton is a worthy member of the Methodist Episcopal Church South.

Research Note

Even though this article lists Sarah Ann Pratt's father as John Pratt, this is the only evidence to support that Henry Pratt is John Pratt. Also, you must take into account that this article was written in the late 1880's and does not give the source of the information contained. All other information about Henry Pratt, marriage record, census, lists him as Henry not John. Research Note

After 37 years of researching various families in the Franklin, Washington and Crawford county

Descendants of Joshua Blanton

areas, I have come to the conclusion that most of these ancestors were not highly educated. It was not important for senior family members to share with their children vital aspects concerning when, where and how they were born and who were their ancestors. I have noticed that the Joshua Blanton family lacked basic understanding of dates, places and times and failed to convey these vital statistics to their children and grandchildren. One can offer the excuse, they were busy with surviving life and did not take the time to share information with other family members. However, other families did take the time and stories were told, and legends were passed from generation to generation and there was something for the next generation to learn. This lack of sharing brings me to ask..."Why did Margaret offer such a variance in birth dates from census to census?" When her parents listed her in the 1840 census they gave the correct dates of her birth between 1831-1835. We lost track of Margaret over the next 20 years and we don't know if she had married prior to John Allen Blanton or he was her first spouse. But, the age dates from the subsequent census from 1870-1910 never matched with her true birth year of 1833. This was usually due to lost family records or forgetful memories. However, her true birth year was finally depicted on her headstone of 1833. Obviously, son, Charles Henry Blanton the informant, who gave the death certificate information was not the same who gave the information on her headstone. Therefore, as researchers we can only guess to the approximate birth, marriage and death dates and until the Heavenly records are opened to us during the millennium, we can only do the best we can. Cradle to Grave (C2G) Profile for John Allen Blanton by Floyd Thomas Pratt F.H.C.,

Descendants of Joshua Blanton

M.A.G.I. 2012

In harmony with the first law of genealogy or family history research, i.e., documentation, I submit my famous Cradle to Grave (C2G) Profile on this subject including all known documentation presented for the serious researcher. This has been done to help the serious researcher continue in their thirst for family history knowledge without a duplication of effort. All I ask is that you acknowledge my contribution to your family history research. My gift to you...Floyd Thomas Pratt F.H.C., M.A.G.I.

1829-1833 Birthblock for John Allen Blanton son of Abraham Absalom & Cynthia Ann (PRATT) Blanton

John Allen Blanton was born in Greene, Tennessee, United States circa 1833.

Date from the 1840 census states he was born

Date from the 1850 census states he was born in 1833

Date from the 1860 census states he was born

Date from the 1870 census states he was born in 1829

Date from the 1880 census states he was born in 1837

Since we know his father Absalom was buying sheep in Greene Co., TN in 1830 then I would say John was born in Greene Co., TN. from 1829/1833.

1833-1837 Family Move

From Greene, Tennessee, United States to St. Louis, Missouri to Franklin, Missouri, United States between 1833-1837.

1837 Childbirth of brother; Henry Hubert Blanton

Henry Hubert Blanton was born in Meramec Twp, Franklin, Missouri, United States on 23 February 1837.

1838 Father's Property Transaction

St. Louis, Missouri, United States Land Purchase on 3 September 1838, Receipt #10604

Absalom Blanton buys 40 acres of land section 5, township 40, range 2 west, of the fifth principle meridian in Franklin County Missouri. This land purchase puts his home outside of Sullivan.

[This property is located near the junction of highway AF and Spring Bluff Road north of Sullivan city limits in Meramec Twp, Franklin County, Missouri consisting of 40 acres]

1839 Childbirth of brother; William Wesley Blanton

William Wesley Blanton was born in Meramec Twp, Franklin, Missouri, United States in March 1839.

1840 Federal Census age 7

Once again Absalom managed to elude the census takers and fails to show up in Franklin County where he was living in 1840. I have a theory as to why he tried to disappear from the 1830's to the 1840's...I believe it was because his wife, Cynthia (**PRATT**) was a Cherokee princess as told by Blanton descendants. If she had fallen into the wrong hands during those turbulent years, she could have suffered bodily harm and her family could have been in danger. Nevertheless, Absalom Blanton & family were living outside Sullivan, Franklin, Missouri, United States by 1840. 1850-1852 Death of mother; Cynthia (PRATT)

Cynthia (**PRATT**) Blanton died in Johnson Twp, Washington, Missouri, United States between October 30, 1850 from the census date and March 21, 1852 the date of her husband's 2nd marriage.

Research Note

Verification of date of death and burial location of Cynthia should be obtained from the local newspapers at the time of death. Absalom Blanton was a prominent businessman and employed many of the locals in his mining operations throughout the area. His mansion mentioned in several publications gives credence to his affluent and properous lifestyle. When I checked the newspapers of the Sullivan and surrounding areas back in the late 1970's and early 1980's, I did not know as much as I do now and overlooked key elements that I was not aware would be of value and interest to the Blanton-Pratt family history research community. Now, it is your turn to dig into those newspapes and extract the valuable and needed information to verify and answer some of the mysteries of these families.

1851 Father's Property Transaction

After the project was defeated by the local citizens, the government failed to return the property to private hands but kept the best land and expanded the Meramec State Park to its present boundaries.]

1852 Father's marriage of widower Abraham Absalom Blanton and widow Nancy (CARTER) Pratt

[1] Crawford County, Missouri Marriage Record Book "I", page 208 21 March 1852
Abraham Absalom Blanton and widow Nancy (**CARTER**) Pratt were married on 21 March 1852. Groom from Washington County, Missouri.

Research Note

This marriage was probably a marriage of convenience. Absalom and Nancy were white with no native ancestry whereas, their children were ½ Cherokee. After the death of Henry Pratt; full blooded Cherokee and Cynthia (**PRATT**) Blanton; full blooded Cherokee, then Absalom and Nancy found themselves still interacting with their children whom had intermarried through 5 connections. Henry had died after the birth of his daughter; Matilda in 1841, and I presume he may have been the one mentioned in the diary of David Staples as they recorded on the way out to the 1848-1849 gold rush in California. David Staples diary stated, *"On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, a party....returning haveing lost a husband father and friend of Cholera."* Who this was and the party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the Fireman's Fund Insurance Company, in San Francisco." [See C2G Profile for Henry Winslow "Win" Pratt for complete details.] Cynthia died between 1850-1852. With such a rich history of family ties and coupled with the convenience of Absalom Blanton's large house and well to do financial circumstances, then this marriage seemed convenient for both parties and I am sure was accepted by the children with astounding approval.

1857-1858 Father's Legal Troubles

"News or Other Days" column of Batesville, Arkansas Guards in 1988 article which is a reprint of the "**Independence Balance**", 1857-58, Batesville, Arkansas: "**Independence Balance**", August 21, 1857:

We regret to chronicle an unfortunate difficulty between Dr. Jas. D. Dauley and Mr. Trent Harmon of Washington Township in this county on the 9th inst. which resulted in the death of the former. The circumstance had taken place before our last issue but we forebore to mention it until we could give the facts correctly. The matter has since been fully investigated before an examining court and the facts as there developed are about these: Dr. Dauley went with the constable to Mr. Gilbreath's, son-in-law of Trent Harmon, to have an execution levied on his property. The execution was levied on two cows and two calves, which Mr. Gilbreath said were not his and on being required by the constable to give a delivery bond if he wished to retain them in his possession, Mr. G. said he would go and see Mr. Harmon about it. he did so and Mr. Harmon, who lives about a quarter of a mile away, came back with him and claimed the cattle and demanded a trial of the right of property between himself and Mr. Gilbreath.

The constable agreed to leave the cattle without the bond, but Dr. Dauley insisted on having a bond. Mr. Harmon said to Dr. Dauley, that his word was as good as his bond, and Dr. Dauley said, "It is not good with me." Harmon advanced within about two steps of Dr. Dauley and said. "My word is as good as yours or any other man's." Dr. Dauley, who was lying down by-the-by very drunk, got up and got hold of a chair and struck at Harmon with it. Harmon warded off the blow; the constable stepped between them and took hold of the chair, and immediately with some weapon not known, probably slug shot, Harmon struck Dauley in the back of the head, knocking him down and severely fracturing his skull.

Dauley was taken home and died the third day, having remained insensible from the time of receiving the blow. Harmon was held for bail for appearance at the next term of circuit court in the sum of \$2,500.

It appears there had been an old grudge between these parties, and Harmon was once heard to say that if Dauley ever crossed his path he would give him one lick which would satisfy him.

"Independent Balance", March 4, 1858:

The case of the State against Trent Harmon for the murder of Dr. Jas. S. Dauley is now on trial and will probably consume the remainder of the week.

"Independent Balance", March 24, 1858:

Trent Harmon, indicted for the murder of Dr. James S. Dauley, was tried in the early part of the term, and Harmon was acquitted.

(The event took place on August 9, 1857 and the trial took place the week of March 4, 1858.)

Research Note

This birth location is based on Mary Ann's recollection in 1940. We know her parents had moved to Scott County, Missouri by 1842 according to Goodspeed, however, when her parents moved to Madison County, Missouri can only be verified by checking the deed records to see if Joshua bought property and when. As far as her birth year goes, the census records verify 1847-1850 birth range and those who continue to claim she was born in 1816-1822 are contributors to an old woman's delusions.

Research Note

Locating a headstone for William Wesley Blanton has been difficult. Some believe he died in Bonne Terre however, he did make it to Sullivan by the 6 June 1900 census. They could have moved back to the Bonne Terre region before he died. One needs to check the local newspapers of Sullivan and Bonne Terre to see when and where he actually died and a possible burial location. One should be mindful that Mary Ann stated that William was an invalid and had to be carried around and attended to on a 24 hour basis.

1940 Newspaper: Bonne Terre Bulletin August 15, 1940:

INDIAN WOMAN LIVING NEAR BONNE TERRE OLDEST RESIDENT OF LEAD BELT

Living until one lacks but a little over two months of reaching the ripe old age of 118 falls to the lot of few people, but Bonne Terre, Mo., houses Mary Ann Blanton, a Cherokee Indian Woman, who will reach that age if she lived until next Feb. 20th.

Born near what is now known as Fredericktown on Feb 20, 1816, one of a family of 14, 8 sisters and 5 brothers, all of whom have passed away, the daughter of Nick Harmon, an Indian who strayed from his tribe in search of a lost brother and met his wife in the Tennessee Mountians and after marriage migrated to Madison Co., Mo. Her mother was a half breed and aside from the knowledge that she came from Tennessee she knows little relative to her mother's antecedents.

Her memory of early life is summed up in her statement that she worked hard from early until lots as for back as she can remember doing the chores that were in those days the lot of all tribal women, though she never spent any time with a tribe, her entire life having been spent in Madison, Franklin and St. Francois Co., Mo.

Her marriage to William Blanton a full-blooded Cherokee Indian, occured in 1857, though she cannot recollect the date. This union took place in Sullivan, MO., and the ceremony was performed by Squire Sam Melvin, at the home of her brother, who resided in Sullivan.

When asked about her marriage license, she stated, "Why son, there was no such thing in those days, and the only record I had was in a book that I kept which was destroyed when our entire house and all the belongings were burned some years back." When asked how long ago this fire occurred, she stated, "too long ago for me to remember."

Asked about her family, she said: "Well, I wasn't married until I was an old woman, yet I had 6 children by my husband who died Aug. 2, 1902, after being invalid for over 15 years, that I had to carry around to move him and feed him like a baby.

Of the 6 children, Charles Blanton died at age of 13 and Bethany Blanton died at age of 10, the remainder are alive. The oldest is a daughter, Mrs. Sarah Pullen, who resides in Granite City, IL.

Descendants of Joshua Blanton

and is past 75 years of age. Her daughter, Catherine Blanton, aged 66, and son Luther Blanton aged 62, both living with their mother, were born in the little shack in the woods that she has called home for so many years she can't remember. The youngest son, Robert Lee Blanton is aged 58 and also lives in Granite City.

Her early married life was spent on the banks of the Meramec River, but she and her husband moved so frequently along the river that she was unable to definitely designate the place. Her most vivid recollection and the most outstanding memories are those of the Civil War, the havoc of which impressed itself on her memory and about which she talks as though it was yesterday.

The devastation in some of the regions through which she and her husband traveled and the gruesomeness of some of the scenes they witnessed made an indelible impression, which even now she talks about with considerable feeling though she cannot give any details relative to any particular incident, passing it off with the statement, "there was so much happened in those days that was terrible, that no one incident during the war was impressed itself more fully than another."

Her earliest recollection of what is now known as Bonne Terre and dating back 60 years was its barrenness without a single house in what is now the principle city in the Lead Belt. "There was not a single house there, with the exception of a couple log huts located on what is now called the slime branch," she said. She remembers distinctly when Firmin Desloge did his first mining in what is now called No. 3 shaft, but never took much interest in it because she did not know what good would come of getting lead.

"During the Civil War", she said "we lived in what is now called Flat River, and I sure remember the shots going through our house and the army men tearing up our house which comprised four rough walls, with only a partial roof and destroyed what little we had and left us to wander homeless and that show we drifted to where we are now."

Mrs. Blanton was asked to what she attributed her old age, and she answered she thought it was just a family habit to live long stating that her cousin, Bethany Blanton died at age 104 and spent her entire life along the Merrimac and outdoors, while her husband's uncle, Uncle Vincent Blanton lived in Kansas City and died at age 108.

Did you ever drink, asked the reporter, to which she replied: "I had the dyspepsia once and folks told me to drink whiskey and I did just that and it cured me, but I haven't drank none since, 'cause I haven't had no more dyspepsia."

Did you ever smoke? "Oh yes, until after the war when I got out of the notion and haven't smoked since that time. In fact, I haven't any desire for it except occassionly."

What church are you a member of next queried the writer. "None was the prompt reply, "never was inside one don't know nothing about it." Have you had much illness Mrs. Blanton, was the next query. "No, never had but two doctors in my life, once I had typhoid fever before I was married and the other time when I wrenched my back trying to lift my husband out of bed, and Dr. Evans of Bonne Terre kind of fixed me up."

Did you ever travel by train or otherwise? "Never been anywhere except the foot traveling with

Descendants of Joshua Blanton

my husband except once I visited my daughter in Granite City, Ill."

How did you live during 15 years that your husband was an invalid? What source of income did your husband have before his illness? "Well, my usual day's work consisted of hacking 10 cords of wood a day and a cord of wood was nothing for me to turn out. I did this even when Mr. Blanton was alive and just continued it. Of course, we had no comforts life you all have today, " she said, "we had no lamps, stoves, beds and our meals consisted mostly of milk and mush. We cooked by open fire which also provided our heat in cold weather and had scaffolds in the wall which we used for beds. We made our own clothes by spinning and weaving. I still eat 3 times a day, when I can get it, but that's not often. I haven't a tooth in my mouth, but my digestion is good, and the only physical trouble I have is occassionaly with my heart."

Did you ever go to a dance or show? "No, I don't believe in them. They're not good for folks and shouldn't be allowed."

Did you ever go to town? "What for? I've nothing to go for and am not able to walk and haven't any other way to get there, so I never leave the place."

She lives on the McGahan place now owned by St. Joseph Lead. The place is rather dilapidated in appearance, but well kept inside and Mrs. Blanton walked down the 3 steps leading from one room the other, carrying a chair for fear that there were not enough chairs in the kitchen.

At the close of the interview she asked for a photograph of herself. Only has one large portrait saved from the fire and it is not good likeness, she says. Her daughter took the portrait from the wall and the reporter was astounded, It portrayed a woman in her early 20's, with blue eyes full of expression and a beautiful head of hair and really a marvelously beautiful creature to look upon. The clothing was indicative of apparel the equal of which the reportorial eys had never heretofore perceived, but most becoming.

A tightly fitting costume indicated a figure that would make the modern flapper envy the owner. Stately, with a piercing look that at once expressed determination and kindness was so apparent that one could not help taking a look at the woman before him and register the thought that here was a character that would defy hardships, conclude any undertaking started, and yet possessed of that womanliness that appeals to every human.

118 yrs. is a long time to live, but one look at the young woman portrait spells the answer to why the pioneers of earlier days succeeded so well in their every undertaking.

Wrinkled and wearing a man's overcoat this 118 year old indian woman left one feeling that the present generation really knows nothing of hardships and this despite the period of depression that has given the majority of us "heeby geebies" and made then feel that life is hardly worth living. After listening to this aged woman, who experienced every hardship conceivable, who never enjoyed any of the modern comforts, who knows not the consolation of religion, who can neither read nor write and never attended a school, one cannot help but leave there with a thought that this is a good old world to live in. Research Note

The above article has a great deal of historical facts mixed with erroneous dates. At her age, she must have been very sick when this was written. Mary Ann died on the 7th of August 1940. Concerning Mable's comment that William, Mary Ann's husband was not a full blooded cherokee I will address this issue. At the time of this article in 1940, it was an embarrassment to claim indian ancestry in your family. For Mary Ann to have made up this relationship to the Cherokees would have brought shame and condemnation to her family. Also, why acknowledge the relationship if it wasn't true. Mabel I feel carried that blind sigmatism with her and like me failed to acknowledge that relationship the Pratts and the Blantons had, which extened far beyond the Missouri marriages. I believe Mary Ann was right in claiming she and her husband were Cherokee indians. Floyd Thomas Pratt 2002

I asked Mabel where she got her information that the Blantons and Pratts **were not** indians and she said she just "felt" Mary Ann was wrong in the above article. So, I asked Mabel, what documetnation does she have to the contrary of Mary Ann's story and she said none, it was her own opinion. However, in several of Mabel's documents and letters back in the 1970's she alluded to the realization that the Pratts and Blantons may have had Cherokee ancestrty. She did not have the opportunity to read my book, "**Henry Pratt Family of Greene County, Tennessee**" © 2002, which presents proof of a Cherokee ancestry. Therefore the reader should not put much credibility into Mabels comments in her latter years and focus more on the facts.

Concerning Mary Ann's statements in the above article, one gets the impression that she was having a great deal of fun with the reporter. Looking at her census information she was very consistant with the 1847-1848 birthyear until she reached the 1930 census where she was having fun and seeking attention. I have noticed that older people try and say outrageous things in order to get attention and this atricle proves Mary Ann was having fun.

I laugh at all of you, who continue to post her 1816-1822 birth delusions because of your failure to do your research homework concerning her life. Floyd Thomas Pratt 2012

1940 Obituary August 22, 1940, Newspaper unknown:

MARY ANN BLANTON DIES AT THE AGE OF 105

Mary Ann Blanton, who claimed to be the oldest citizen of St. Francois county did at her home near Big River Wednesday last following a long and active pioneer life. Mrs. Blanton was the daughter of Joshua and Nancy Harmon Blanton. She was born in Madison County near Fredericktown, February 20, 1835.

In 1885 she was married to her first cousin, William Blanton. To this union six children were born three of whom are still living: two daughters, Mrs. Sarah Pullin, aged 67, Catherine Jane Blanton, aged 63, and one son, Luther, 61, all living at home. Mrs. Blanton was the granddaughter of NICK HARMON who married a halfbreed Indian girl while looking for his brother in Tennessee, who had married a Cherokee Indian. In 1814, Nancy Harmon, Nick's daughter was married to Joshua Blanton, Mary Ann's father. There were fourteen children born to this union.

Mary Ann Blanton was a Free Will Baptist, having joined that church when a young girl. She continued to visit her relatives in St. Louis and Illinois as long as she was able to travel and until a few years ago, kept up with her brothers and knew where they were located. In 1921 her only living brother, John A. Blanton, retired wagon maker and blacksmith, died at the age of 99 years. Up to five years before his death he owned and operated a blacksmith shop in Sullivan, with the help of his son Charles. At the time of her death, Mary Ann Blanton was 105 years, 5 months, 17 days old. She is survived by three children, two grand-children and five great-grand children.

vision.

Mr. Blanton told us that he was born on a farm near Sullivan, Missouri, September 21, 1869, the son of William Wesley and Mary Ann Blanton. St. Joe records give Mr. Blanton's birthdate as September 21, 1871, which Mr. Blanton says is in error by two years. (Give or take a year or so, there isn't anyone around to dispute his 1869 birthdate.) He is the youngest of six children; two brothers, Charley and William Lee; three sisters, Sarah, Nancy and Jenny, all of whom died many years ago. His father was of French and Indian origin and his mother of Indian origin. He recalled working on the family farm and in the timber before coming to Bonne Terre in 1901. Mr. Blanton's name first appeared on St. Joe payrolls in November 1906 when he began work in the Bonne Terre Yard department. His last job prior to retirement in 1937 was that of watchman at the Bonne Terre yard. He mentioned the names of Hobbs, Kuchlin, McFarland, Donnegan, Delno and Aubuchon as some of his St. Joe foremen. When asked to what he attributed his longevity, he said, "Indians live to be old and my mom was of the Cherokee Indian origin and lived to be over 100 years of age and I guess I take after her. I worked hard all during my life and I've never been married." (Author unknown newspaper unknown)

Research Note

Since William Luther "Joker" Blanton died on 18 October 1970 and this article starts out stating that 33 years ago on 1 June 1937, which, when you add 33 years to 1937 you get 1970, then this article was written in 1970 and before he died on the 18th of October 1970.

This article is another example of a Cherokee heritage mentioned on both sides of Luther's parentage. This means the Pratts, Blantons and Harmons had Cherokee ancestry since Abraham Absalom and Cynthia (**PRATT**) Blanton were the ancestors of Luther's father; William Wesley Blanton and Joshua and Bethanie "Nancy" (**HARMON**) Blanton were the ancestors of Luther's mother; Mary Ann (**BLANTON**).

Cynthia (**PRATT**) Blanton and sister to Henry Pratt was always known by her descendants as a Cherokee princess. Thus the Cherokee connection through the Pratts. Bethanie's mother; Sarah (**LUSTER**) as the story goes was full blooded Cherokee. Stephen Nicholas "Nick" Harmon decided to look for his lost brother who was lost somewhere in the hills of Tennessee. Along his journey, Stephen Harmon met and became enchanted with this Cherokee beauty, named Sarah (**LUSTER**) and decided to marry her. So, in 1799 he married her in Greene County, Tennessee. Therefore, since Stephen Nicholas "Nick" and Sarah (**LUSTER**) Harmon are the parents of Bethanie "Nancy" (**HARMON**) Blanton, then this would make her ½ Cherokee, and Joshua and Bethanie's daughter; Mary Ann (**BLANTON**), Luther's mother, would have been ¼ Cherokee.

Mary married **William Wesley Blanton**, son of **Abraham Absalom Blanton** and **Cynthia Ann (PRATT)**, 8 October 1867 in Franklin County, Missouri, United States. William was born in March 1839 in Meramec Township, Franklin County, Missouri, United States, died 2 August 1902 in Bonne Terre, Perry Township, Saint Francois County, Missouri, United States at age 63, and was buried in August 1902 in Adams Cemetery, Bonne Terre, Perry Twp, Saint Francois, Missouri, United States.

1840 Federal Census age 1

Once again Absalom managed to elude the census takers and fails to show up in Franklin County where he was living in 1840. I have a theory as to why he tried to disappear from the 1830's to the 1840's...I believe it was because his wife, Cynthia (**PRATT**) was a Cherokee princess as told by Blanton descendants. If she had fallen into the wrong hands during those turbulent years, she could have suffered bodily harm and her family could have been in danger. Nevertheless, Absalom Blanton & family were living outside Sullivan, Franklin, Missouri, United States by 1840. Cynthia (**PRATT**) Blanton died in Johnson Twp, Washington, Missouri, United States between October 30, 1850 from the census date and March 21, 1852 the date of her husband's 2nd marriage.

Research Note

Verification of date of death and burial location of Cynthia should be obtained from the local newspapers at the time of death. Absalom Blanton was a prominent businessman and employed many of the locals in his mining operations throughout the area. His mansion mentioned in several publications gives credence to his affluent and properous lifestyle. When I checked the newspapers of the Sullivan and surrounding areas back in the late 1970's and early 1980's, I did not know as much as I do now and overlooked key elements that I was not aware would be of value and interest to the Blanton-Pratt family history research community. Now, it is your turn to dig into those newspapers and extract the valuable and needed information to verify and answer some of the mysteries of these families.

1852 Father's marriage of widower Abraham Absalom Blanton and widow Nancy (CARTER) Pratt

[1] Crawford County, Missouri Marriage Record Book "I", page 208 21 March 1852

Descendants of Joshua Blanton

Absalom Blanton and widow Nancy (**CARTER**) Pratt were married on 21 March 1852.
Groom from Washington County, Missouri.

Research Note

This marriage was probably a marriage of convenience. Absalom and Nancy were white with no native ancestry whereas, their children were ½ Cherokee. After the death of Henry Pratt; full blooded Cherokee and Cynthia (**PRATT**) Blanton; full blooded Cherokee, then Absalom and Nancy found themselves still interacting with their children whom had intermarried through 5 connections. Henry had died after the birth of his daughter; Matilda in 1841, and I presume he may have been the one mentioned in the diary of David Staples as they recorded on the way out to the 1848-1849 gold rush in California. David Staples diary stated, *"On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, a party....returning haveing lost a husband father and friend of Cholera."* Who this was and the party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the Fireman's Fund Insurance Company, in San Francisco. [See C2G Profile for Henry Winslow "Win" Pratt for complete details.] Cynthia died between 1850-1852. With such a rich history of family ties and coupled with the convenience of Absalom Blanton's large house and well to do financial circumstances, then this marriage seemed convenient for both parties and I am sure was accepted by the children with astounding approval.

Research Note

Locating a headstone for William Wesley Blanton has been difficult. Since 5 of his 6 children and his wife were buried in the Adams Cemetery, would indicate this is where he is buried. His son; Charles could also be buried here when he died in 1881. Some believe he died in Bonne Terre however, he did make it to Sullivan by the 6 June 1900 census. They could have moved back to the Bonne Terre region before he died in 1902. One needs to check the local newspapers of Sullivan and Bonne Terre to see when and where he actually died and a possible burial location. One should be mindful that Mary Ann stated that William was an invalid and had to be carried around and attended to on a 24 hour basis.

Research Note

This death certificate information is full of errors. He was born 10 September 1850 per the 1850 census. His parents are Joshua and Bethany "Nannie" (**HARMON**) Blanton. Even though informant stated his father was William Joshua Blanton due to Mrs. Casey's lack of familiarity with the subject, we can not take this as reliable.

Research Note

As usual, those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. The above FAG posting is one of those with errors and should not be considered factual. Floyd Thomas Pratt F.H.C., M.A.G.I.

Story related to me by William Blanton of Norwood, Missouri (1980's)

Stephen Blanton and wife Hannah were having a discussion one day in their kitchen and an argument ensued with Hannah throwing a cup of hot coffee in Stephen Blanton's face. This resulted in him leaving the household and relocating to Polk Co., MO. [Stories like these make good sensationalism, however, one must remember that embellishment is the order of the day and not to put too much credence into what one hears.--Floyd Thomas Pratt]

Standard Atlas of Franklin County Missouri Including a Plat Book Compiled and Published by George A. Ogle & Co. Chicago, 1919

When I went to the State Historical Society in Columbia, they had this book on the shelf. I ordered a negative made from the Atlas, then this print. The negative is in their possession. The original was about 1 x 1.5" and is in the back of the Atlas. This is David Franklin Miller and his wife Susan Lillian (Blanton), daughter of Sarah Ann Pratt. I thought you might like to see it. My great grandfather (his brother), my grandfather, my father and me, all have these eyes. Joe L. Miller

Thanks Joe, I will connect that picture to the tree. When I was in Columbia back in the 1980's, I found the old newspapers really interesting covering the Crawford-Franklin-Washington Counties. I wish they had those on the net so we could read them for obits, family data and other points of interest. Bro. Pratt

Story related to me by William Blanton of Norwood, Missouri (1980's)

Stephen Blanton and wife Hannah were having a discussion one day in their kitchen and an argument ensued with Hannah throwing a cup of hot coffee in Stephen Blanton's face. This resulted in him leaving the household and relocating to Polk Co., MO. [Stories like these make good sensationalism, however, one must remember that embellishment is the order of the day and not to put too much credence into what one hears.--Floyd Thomas Pratt]

1860-1880 Death of mother; () Keats

In order to determine the name of Charles' mother, ordering his death certificate should reveal his mother's name. However, on his brother's death certificate they listed Sara Ann Lay as brother John's mother but this is in error since Charles' father married Sarah Ann W. (**LAWRENCE**) after his first wife and the mother of Charles had already died. Finding his father John Keats in the 1861 English census should list his wife's name who would be the mother of the boys.

Research Note

At first, I thought the Cora Belle Blanton at FAG#93801526 was our subject. However, after checking various family trees on ancestry.com someone had done extensive research on her daughter; Mary Helen (**BLANTON**) and there was a birth record for this child. The record listed her mother as Cora Corrine Bess Foster. This gave us the names Corrine and Bess. Family researchers told me her middle name was Belle. Finding a Cora Foster Carter death record for 29 Decmber 1957 in the California Death index with a real close matching birth date indicated that she had remarried to a _____ Carter. Since she died in Colusa County, California, checking the 1940 census revealed a divorced Cora G. Carter born 1881 in Missouri. However, this is where the problems begin to mount.

Back tracking to the 1930 census I find a George and Grace C. Carter living in Colusa County, California on 24 April 1930. This might appear to be our girl but we already have our Cora in the Los Angeles, California, 1930 census of 5 April 1930 living with her son; Orville Blanton. This means that George and Cora would have had to have been married after the 5th of April 1930 and before the 24th of April 1930 census date. Sounds good but...this George and Cora were already married by the 1920 census of Colusa County, California.

I would dismiss the Cora Carter whom died in 1957 as the wrong person and the Cora Blanton who died in 1938 as the correct person except for one major detail. On the California Death Index it states that Cora Foster Carter's maiden name was Foster and she was born 20 February 1881 in Missouri.

There seems to be two Cora Fosters born circa 1881 in Missouri. Since the Cora in the 6 June 1920 census living with spouse; James Edward Blanton and the Cora G. Carter living on the 5 January 1920 census living with husband George Carter can not be the same person, then I really don't know who she is after the 1930 census and when she died. Ordering both woman's death certificates is the only way to determine whom is whom. Floyd Thomas Pratt F.H.C., M.A.G.I. 2013

John Henry Austin Pennock and Marina Annie (**CARTER**) Pennock were divorced after their marriage date and before 23 February 1897, the date of her ex-husband's marriage to Cora Lee (**PHIPPS**).

Research Note

Apparently, this divorce was prompted due to Annie's medical condition. After the separation and divorce, John Pennock went to Kentucky where he remarried in 1897 and Annie reclaimed her maiden name and moved into St. Louis, probably for medical treatment. It appears according to her death certificate that Annie suffered from Septicaemia, which is caused when certain bacteria get into the bloodstream. Without prompt medical treatment, septicaemia can be fatal. People with pre-existing medical conditions are most likely to get septicaemia. Treatment options include antibiotics to kill the infection. Other terms for septicaemia include bacteraemia and blood poisoning.

Find A Grave Errors

As usual, those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to validate the burial location of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. The above FAG posting is one of those with errors and should not be considered factual. Floyd Thomas Pratt F.H.C., M.A.G.I.

Research Note

Since Luther's birth date and place has stirred such controversy, by building a Birthblock on him validates his data and confirms the importance of the birthblock.

We are told by our parents when and where we were born and unless we confirm this through family bibles or legal documents we are at the mercy of our parent's memories. In this case, Luther thought all through his life he was born on the 21 of September 1869 on a farm near Sullivan, Meramec Twp, Franklin County, Missouri.

However, the first location he shows up as a child is in the 1880 census whereas his parents state he is 7 months old as of the census date of 1 June 1880. Also, they are living in the small village of Hill Town, Perry Twp, Saint Francois County, Missouri.

Descendants of Joshua Blanton

In the 1870 census his parents are living near Osage Post Office, Johnson Twp, Washington County, Missouri and moved to Bonne Terre, Perry Twp, Saint Francois, Missouri, United States between 1873-1876 since Luther's older sister Catherine Jane "Jennie" was born in Bonne Terre in 1876.

If we take 7 months from the June 1st 1880 census date we get November 1879 as his birth month and year. Maybe he was born in September but it was not 1869 but 1879. Even on his WWI draft registration he put down the right year of 1879 but on all the other records he kept stating he was born on a wide range of dates.

Therefore, without seeing that family bible, I would believe he was born 21 November 1879 and at the small village of Hill Town, Perry Twp, Saint Francois County, Missouri, United States.

1970 Newspaper Article

St. Joe's Oldest Pensioner

Thirty-three years ago, June 1, 1937, Mr. Luther Blanton, 518 North Pine in Bonne Terre,

Descendants of Joshua Blanton

Missouri, started his long life of leisure as a St. Joe pensioner. A visit to Mr. Blanton's home this past month for an interview found him on his way to his garden spot with a small box of tomato plants. He stated that he still does some gardening at his advanced age but he is limited by poor vision.

Mr. Blanton told us that he was born on a farm near Sullivan, Missouri, September 21, 1869, the son of William Wesley and Mary Ann Blanton. St. Joe records give Mr. Blanton's birthdate as September 21, 1871, which Mr. Blanton says is in error by two years. (Give or take a year or so, there isn't anyone around to dispute his 1869 birthdate.) He is the youngest of six children; two brothers, Charley and William Lee; three sisters, Sarah, Nancy and Jenny, all of whom died many years ago. His father was of French and Indian origin and his mother of Indian origin. He recalled working on the family farm and in the timber before coming to Bonne Terre in 1901. Mr. Blanton's name first appeared on St. Joe payrolls in November 1906 when he began work in the Bonne Terre Yard department. His jobs were those of caring for the stock on the company farm, section hand for the M.R. & B.T. Railway (a subsidiary of St. Joe at that time), crusherman, chat drag man, table man and laborer in the Bonne Terre mill. His last job prior to retirement in 1937 was that of watchman at the Bonne Terre yard. He mentioned the names of Hobbs, Kuchlin, McFarland, Donnegan, Delno and Aubuchon as some of his St. Joe foremen. When asked to what he attributed his longevity, he said, "Indians live to be old and my mom was of the Cherokee Indian origin and lived to be over 100 years of age and I guess I take after her. I worked hard all during my life and I've never been married." (Author unknown newspaper unknown)

Research Note

Since William Luther "Joker" Blanton died on 18 October 1970 and this article starts out stating that 33 years ago on 1 June 1937, which, when you add 33 years to 1937 you get 1970, then this article was written in 1970 and before he died on the 18th of October 1970 at age 90.

This article is another example of a Cherokee heritage mentioned on both sides of Luther's parentage. This means the Pratts, Blantons and Harmons had Cherokee ancestry since Abraham Absalom and Cynthia (**PRATT**) Blanton were the ancestors of Luther's father; William Wesley Blanton and Joshua and Bethanie "Nancy" (**HARMON**) Blanton were the ancestors of Luther's mother; Mary Ann (**BLANTON**).

Cynthia (**PRATT**) Blanton and sister to Henry Pratt was always known by her descendants as a Cherokee princess. Thus the Cherokee connection through the Pratts. Bethanie's mother; Sarah (**LUSTER**) as the story goes was full blooded Cherokee. Stephen Nicholas "Nick" Harmon decided to look for his lost brother who was lost somewhere in the hills of Tennessee. Along his journey, Stephen Harmon met and became enchanted with this Cherokee beauty, named Sarah (**LUSTER**) and decided to marry her. So, in 1799 he married her in Greene County, Tennessee. Therefore, since Stephen Nicholas "Nick" and Sarah (**LUSTER**) Harmon are the parents of Bethanie "Nancy" (**HARMON**) Blanton, then this would make her $\frac{1}{2}$ Cherokee, and Joshua and Bethanie's daughter; Mary Ann (**BLANTON**), Luther's mother, would have been $\frac{1}{4}$ Cherokee.

Research Note

Some may be confused by the name on his Social Security death index. Apparently William was Luther's first given name and we have never run across its use in his records. The reason I believe it is him is because he used the birthdate of 21 September 1869 on his social security card and that was the date he used in the newspaper article mentioned above even though the birth date was incorrect. Research Note

Again you can see the incorrect birthdate and birth location in his obituary because parents were not diligent in recording and keeping accurate records. Newspaper unknown.

Research Note

The following are examples of one of the reasons I have severed my ties with www.findagrave.com. Due to FAG's poor business practices as outlined in my report... "**Why I can no longer support www.findagrave.com**". The following are two postings on Find a Grave, same person, and same cemetery.

The first was posted on 20 October 2006, the second on 30 November 2011. Why the need for two entries can be explained in FAG's failure to recognize additional contributions by other contributors. Not only are these entries on the same person but at the same cemetery. However, to keep FAG from deleting the additional duplicate entry, someone created a complete and new cemetery allowing them to add duplicate entries, which is illegal according to FAG guidelines, without catching the attention of FAG.

Since FAG "assigns" the gravesite to the individual who first enters the gravesite information and excludes all others from posting additional information to the website, then anyone with additional information must ask the "original" contributor to [1] transfer that gravesite to them [2] or ask them to post that information for them. If the "original" contributor is unwilling, unavailable or indifferent to their request then nothing gets done.

The frustrated individual that wants to add additional information about that gravesite individual must either create a duplicate, ask FAG to transfer that gravesite to them, or forget about it. In the example below they decided to post a duplicate gravesite entry with a new cemetery name.

Descendants of Joshua Blanton

And to add insult to injury both of these entries contain incorrect data because anyone can add information to FAG and you have amateurs posting data without doing their homework.

If they had researched William Luther "Joker" Blanton they would have discovered that the 1869 birth year was 10 years older than when he was actually born and he was not born in Sullivan as the 1880 census proves.

Instead these contributors to FAG post information they found and assume is correct without verification and perpetuate false and incorrect data thereby throwing the "true believer" researcher off the track and in the process, posting useless and unreliable information thereby, wasting everyone's research time. 1905-1909 Divorce of John Edward Hulsey and Nancy "Nannie" Emily (SHELTON) Hulsey

Research Note

I would first order the birth certificates of children; Lawrence and Gladys Hulsey. Even though they were born before Missouri started keeping birth records (1910), Lawrence and Gladys probably filed delayed birth certificates sometime in their lives. After ascertaining the location of their births, then I would seek that County Courthouse for a record of divorce for John Hulsey and Nancy "Nannie" Emily (SHELTON) Hulsey. This could be in St. Francois County or the City of St. Louis.

1908-1909 Marriage of John Edward Hulsey and Nellie Elizabeth (ROSE)

Research Note

Since Nellie's parents were living in Saint Louis City in both the 1900 and the 1910 census, then John and Nellie's marriage record probably is in the marriage books of St. Louis City.

Research Note

A curious observation concerning the 1930 census. At house #4 in Bourbon is the financially well-to-do Mary Eva (**GINTZ**) Barton, widow of Alfred Webster Barton who had died in 1928. Mary is the mother of Elizabeth L. (**BARTON**) whom married Robert "Bob" B. Gibson in 1924-1925. Not only is her daughter Elizabeth living with her, but Elizabeth's husband Robert "Bob" B. Gibson is living with Mary Barton.

Sometime after this census date, not only does Robert Gibson divorce his wife Elizabeth L. (**BARTON**) Gibson but he marries his neighbor's wife at house #10; Elsie M. (**SIMMERLY**) Carter before the 1940 census date. This means that Fred and Elsie got a divorce after the 1930 census and before the 1940 census. By the 1940 census, Elizabeth L. (**BARTON**) Gibson is single and living alone and Fred Carter is single and living alone but Robert & Elise (**SIMMERLY**) Carter Gibson are married and still living in Bourbon, Boone Township, Crawford County. Robert and Elise get a divorce sometime before she marries 3rd spouse; Louis C. Cardwell Sr. in 1951.

Research Note

Seems to be a discrepancy in identifying the parents of brother's; Virgil Epperson and Frederick Calvin Carter.

If you notice in the 1900 census Virgil and Fred are not listed with the Allen and Margaret Ann (**LYNCH**) Carter family. However, Allen's brother; William McKinley & Cynthia Ellen (**BURGESS**) Carter family in the 1900 census lists both these boys as their children. Other than the fact they list Virgil as a female it appears cut and dried that these boys belong to the William Carter family. However, in the 1910 census of Allen & Margaret's family; both boys are now listed as their children and they are not listed in the 1910 census of William and his 2nd wife; Nancy Jane (**STROUP**) Carter's family. To make matters worse, in our attempt to identify these boys' parentage, in the 1900 census, they state their father was born in Tennessee, which is where William McKinley Carter was born. However, in the 1910 census, they state their father was born in Georgia, which is where Allen Carter was born. Therefore, without seeing the death or delayed birth certificates, we really can't identify their parents.

Research Note

You might notice there are several children missing from the 1900 census. Apparently, all of Allen's previous children and all of Margaret's previous children were too many for their household to manage. Margaret's children from her marriage to James West namely, William Lloyd West, Cora Matilda (**WEST**) and Bertha M. (**WEST**) were all living with Allen's brother; William McKinley & Cynthia Ellen (**BURGESS**) Carter family as was Allen and Margaret's mutual children; Jesse Valentine Carter, Virgil Epperson Carter and Frederick Calvin Carter. To the novice, this "splitting" of the family may have indicated that the West and Carter children living with William and Cynthia were actually theirs. Even though William told the censustaker, that the West children were his brother's step-children, the censustaker only wrote down they were William's step-children, thereby confusing the issue. In the subsequent census' listing Jesse, Virgil and Fred are back in their parent's household.

1912-1914 Marriage of Frederick "Fred" Calvin Carter and Meletie Alice (DAVIS) Wallace

Strange thing about his marriage...according to the book, "" **History of Forest Hill and Vicinity**" by John Steele McCormick © 1970 page 349 states the following under the heading of Children of Allen & Margaret (Lynch) Carter..." 10. Fred b. Mar 9, 1897 d. Mar 7, 1967, married Meletie Alice (Davis) Wallace (2) M. Elsie (Simmerly), one child Viola."

I found what happened to Elsie M. (**SIMMERLY**) and her 3 husbands but trying to discover who this Meletie Alice (**DAVIS**) Wallace was took me over 4 hours of non-stop research. I guess if I had a faster computer it wouldn't take me so long.

The breakthrough came when I discovered she maybe the daughter in the 1900 census of Brush Creek Twp, Gasconade, Missouri, United States of a William and Margaret Davis. No matter how hard I tried, I could not get a marriage link for Davis-Wallace, Davis-Carter, Wallace-Carter or any variations. This is due to the poor Marriage records found online. Almost on the brink of giving up, something told me to check my database for a duplicate and low and behold there was an Alice Meleta (**DAVIS**) with dates and a full set of vitals

Descendants of Joshua Blanton

already in my computer. I didn't remember putting that information in and because the locations were not fully developed, indicated I had transferred that information into my computer from somewhere else.

It turns out she is the daughter; of William Thomas & Margaret Isabel "Belle" (**CARTER**) Davis family who left the area for California and Oregon in the 1920's. If Margaret Isabel "Belle" (**CARTER**) sounds familiar, then you are right, she is the daughter of Fred's father; Allen and his first wife; Narcissa (**CARTER**) FAG# 95436825 daughter of Rev. Marcus E. FAG# 57391724 & Susanna "Sally" Marena (**CARTER**) FAG# 57391823 Carter.

[Incidentally, for those of you who are confused as to the parents of Rev. Valentine Sevier Carter, after many years of research, I am convinced that Rev. Marcus E. Carter is Valentine's uncle. See the report "[The Three Reverends...and the Lady](#)".]

When I checked the temple records of New Family Search, I discovered the source of my information concerning Alice Meletie (**DAVIS**) and her family. However, a problem started to develop concerning my verification process. When I get information from any source, I always try to verify the data. They had shown Alice Meleta (**DAVIS**) had married a Christian "Christ" Henry Kreftmeyer in 1914 and I found verification on ancestry.com.

Now, the Forest Hills book said that Fred Carter had married Alice Meletie (**DAVIS**) before he married Elsie (**SIMMERLY**) in 1918. This means with a birth date of 19 March 1898 for Alice, she could have been married between 1910-1914 to Fred. However, the Forest Hills book also said she had married a man by the name of Wallace. Not much room between the 1910 census where she is listed with her parents and the 1914 marriage date to Chris Kreftmeyer. Since she married Kreftmeyer in Hermann, Missouri then maybe she married _____ Wallace and Fred Carter also in Gasconade County. I would check Franklin and Gasconade Counties for these marriages between 1910-1914.

Alice and Chris had 3 children and moved to California by 1922. She supposedly died on 2 March 1978 in Susanville, Lassen, California, United States. Her spouse; Chris Kreftmeyer died in December 1967 at Oakland, Douglas, Oregon, United States. Fred Carter died 7 March 1967 in Bourbon, so it doesn't look like Alice came back to Missouri and married Fred after the 1940 census unless she and Chris Kreftmeyer were divorced. Not knowing where these people are buried presents a hardship in trying to locate and track their trails.

In summary, if the data from the Forest Hills book is correct, and if the temple records from New Family Search are correct, then Alice Meletie (**DAVIS**) after the 1910 census date, married a _____ Wallace, then Fred Carter before she married Chris Kreftmeyer in 1914. She and Kreftmeyer moved to California before 1922 and then both died in California and Oregon respectively. Only by investigating the marriage books and the newspapers between 1910-1914 in Franklin, Gasconade and Crawford Counties might we discover the truth and put this mystery behind us. Research Note

A curious observation concerning the 1930 census. At house #4 in Bourbon is the financially

Descendants of Joshua Blanton

well-to-do Mary Eva (**GINTZ**) Barton, widow of Alfred Webster Barton who had died in 1928. Mary is the mother of Elizabeth L. (**BARTON**) whom married Robert "Bob" B. Gibson in 1924-1925. Not only is her daughter Elizabeth living with her, but Elizabeth's husband Robert "Bob" B. Gibson is living with Mary Barton.

Sometime after this census date, not only does Robert Gibson divorce his wife Elizabeth L. (**BARTON**) Gibson but he marries his neighbor's wife at house #10; Elsie M. (**SIMMERLY**) Carter before the 1940 census date. This means that Fred and Elsie got a divorce after the 1930 census and before the 1940 census. By the 1940 census, Elizabeth L. (**BARTON**) Gibson is single and living alone and Fred Carter is single and living alone but Robert & Elise (**SIMMERLY**) Carter Gibson are married and still living in Bourbon, Boone Township, Crawford County. Robert and Elise get a divorce sometime before she marries 3rd spouse; Louis C. Cardwell Sr. in 1951.

1930-1935 Divorce of Frederick "Fred" Calvin Carter and Elsie M. (SIMMERLY) Carter

Frederick "Fred" Calvin Carter and Elsie M. (**SIMMERLY**) Carter were divorced after the 1930 census date and before 1935 or when Elise married Robert "Bob" B. Gibson.

1940 Federal Census age 43

Boone Twp, Crawford, Missouri, United States, page 49a, 3 May 1930, line 15, house 228

CARTER, Fred A. head w m 43

[Fred was born in Missouri. He is renting and divorced. He attended the 8th grade and was living in the same house in 1935. He is a farmer. Living a few doors down from brother; Jesse Valentine & Minnie G. (**CAMPBELL**) Carter family.]

Research Note

Fred states in the 1940 census that he was in the same house in 1935, which is located in rural Boone Township, Crawford County. His ex-wife Elsie M. (**SIMMERLY**) Carter Gibson states in the 1940 census she was living with Robert Gibson in the same house in 1935, which is located in Bourbon. Therefore, it looks like Robert "Bob" B. Gibson divorced 1st wife; Elizabeth L. (**BARTON**) Gibson and Frederick "Fred" Calvin Carter divorced 1st wife; Elsie M. (**SIMMERLY**) Carter sometime between 1930-1935.

Research Note

A curious observation concerning the 1930 census. At house #4 in Bourbon is the financially well-to-do Mary Eva (**GINTZ**) Barton, widow of Alfred Webster Barton who had died in 1928. Mary is the mother of Elizabeth L. (**BARTON**) whom married Robert "Bob" B. Gibson in 1924-1925. Not only is her daughter Elizabeth living with her, but Elizabeth's husband Robert "Bob" B. Gibson is living with Mary Barton.

Sometime after this census date, not only does Robert Gibson divorce his wife Elizabeth L. (**BARTON**) Gibson but he marries his neighbor's wife at house #10; Elsie M. (**SIMMERLY**) Carter before the 1940 census date. This means that Fred and Elsie got a divorce after the 1930 census and before the 1940 census. By the 1940 census, Elizabeth L. (**BARTON**) Gibson is single and living alone and Fred Carter is single and living alone but Robert & Elise (**SIMMERLY**) Carter Gibson are married and still living in Bourbon, Boone Township, Crawford County. Robert and Elise get a divorce sometime before she marries 3rd spouse; Louis C. Cardwell Sr. in 1951.

Research Note

Seems to be a discrepancy in identifying the parents of brother's; Virgil Epperson and Frederick Calvin Carter.

If you notice in the 1900 census Virgil and Fred are not listed with the Allen and Margaret Ann (**LYNCH**) Carter family. However, Allen's brother; William McKinley & Cynthia Ellen (**BURGESS**) Carter family in the 1900 census lists both these boys as their children. Other than the fact they list Virgil as a female it appears cut and dried that these boys belong to the William Carter family. However, in the 1910 census of Allen & Margaret's family; both boys are now listed as their children and they are not listed in the 1910 census of William and his 2nd wife; Nancy Jane (**STROUP**) Carter's family. To make matters worse, in our attempt to identify these boys' parentage, in the 1900 census, they state their father was born in Tennessee, which is where William McKinley Carter was born. However, in the 1910 census, they state their father was born in Georgia, which is where Allen Carter was born. Therefore, without seeing the death or delayed birth certificates, we really can't identify their parents.

Research Note

Descendants of Joshua Blanton

You might notice there are several children missing from the 1900 census. Apparently, all of Allen's previous children and all of Margaret's previous children were too many for their household to manage. Margaret's children from her marriage to James West namely, William Lloyd West, Cora Matilda (**WEST**) and Bertha M. (**WEST**) were all living with Allen's brother; William McKinley & Cynthia Ellen (**BURGESS**) Carter family as was Allen and Margaret's mutual children; Jesse Valentine Carter, Virgil Epperson Carter and Frederick Calvin Carter. To the novice, this "splitting" of the family may have indicated that the West and Carter children living with William and Cynthia were actually theirs. Even though William told the censustaker, that the West children were his brother's step-children, the censustaker only wrote down they were William's step-children, thereby confusing the issue. In the subsequent census' listing Jesse, Virgil and Fred are back in their parent's household.

1912-1914 Marriage of Frederick "Fred" Calvin Carter and Meletie Alice (DAVIS) Wallace

Strange thing about his marriage...according to the book, "" **History of Forest Hill and Vicinity**" by John Steele McCormick © 1970 page 349 states the following under the heading of Children of Allen & Margaret (Lynch) Carter..." 10. Fred b. Mar 9, 1897 d. Mar 7, 1967, married Meletie Alice (Davis) Wallace (2) M. Elsie (Simmerly), one child Viola."

I found what happened to Elsie M. (**SIMMERLY**) and her 3 husbands but trying to discover who this Meletie Alice (**DAVIS**) Wallace was took me over 4 hours of non-stop research. I guess if I had a faster computer it wouldn't take me so long.

The breakthrough came when I discovered she maybe the daughter in the 1900 census of Brush Creek Twp, Gasconade, Missouri, United States of a William and Margaret Davis. No matter how hard I tried, I could not get a marriage link for Davis-Wallace, Davis-Carter, Wallace-Carter or any variations. This is due to the poor Marriage records found online. Almost on the brink of giving up, something told me to check my database for a duplicate and low and behold there was an Alice Meleta (**DAVIS**) with dates and a full set of vitals already in my computer. I didn't remember putting that information in and because the locations were not fully developed, indicated I had transferred that information into my computer from somewhere else.

Descendants of Joshua Blanton

It turns out she is the daughter; of William Thomas & Margaret Isabel "Belle" (**CARTER**) Davis family who left the area for California and Oregon in the 1920's. If Margaret Isabel "Belle" (**CARTER**) sounds familiar, then you are right, she is the daughter of Fred's father; Allen and his first wife; Narcissa (**CARTER**) FAG# 95436825 daughter of Rev. Marcus E. FAG# 57391724 & Susanna "Sally" Marena (**CARTER**) FAG# 57391823 Carter.

[Incidentally, for those of you who are confused as to the parents of Rev. Valentine Sevier Carter, after many years of research, I am convinced that Rev. Marcus E. Carter is Valentine's uncle. See the report "**The Three Reverends...and the Lady**".]

When I checked the temple records of New Family Search, I discovered the source of my information concerning Alice Meletie (**DAVIS**) and her family. However, a problem started to develop concerning my verification process. When I get information from any source, I always try to verify the data. They had shown Alice Meleta (**DAVIS**) had married a Christian "Christ" Henry Kreftmeyer in 1914 and I found verification on ancestry.com.

Now, the Forest Hills book said that Fred Carter had married Alice Meletie (**DAVIS**) before he married Elsie (**SIMMERLY**) in 1918. This means with a birth date of 19 March 1898 for Alice, she could have been married between 1910-1914 to Fred. However, the Forest Hills book also said she had married a man by the name of Wallace. Not much room between the 1910 census where she is listed with her parents and the 1914 marriage date to Chris Kreftmeyer. Since she married Kreftmeyer in Hermann, Missouri then maybe she married _____ Wallace and Fred Carter also in Gasconade County. I would check Franklin and Gasconade Counties for these marriages between 1910-1914.

Alice and Chris had 3 children and moved to California by 1922. She supposedly died on 2 March 1978 in Susanville, Lassen, California, United States. Her spouse; Chris Kreftmeyer died in December 1967 at Oakland, Douglas, Oregon, United States. Fred Carter died 7 March 1967 in Bourbon, so it doesn't look like Alice came back to Missouri and married Fred after the 1940 census unless she and Chris Kreftmeyer were divorced. Not knowing where these people are buried presents a hardship in trying to locate and track their trails.

In summary, if the data from the Forest Hills book is correct, and if the temple records from New Family Search are correct, then Alice Meletie (**DAVIS**) after the 1910 census date, married a _____ Wallace, then Fred Carter before she married Chris Kreftmeyer in 1914. She and Kreftmeyer moved to California before 1922 and then both died in California and Oregon respectively. Only by investigating the marriage books and the newspapers between 1910-1914 in Franklin, Gasconade and Crawford Counties might we discover the truth and put this mystery behind us. Research Note

A curious observation concerning the 1930 census. At house #4 in Bourbon is the financially well-to-do Mary Eva (GINTZ) Barton, widow of Alfred Webster Barton who had died in 1928. Mary is the mother of Elizabeth L. (BARTON) whom married Robert "Bob" B. Gibson in 1924-1925. Not only is her daughter Elizabeth living with her, but Elizabeth's husband Robert "Bob" B. Gibson is living with Mary Barton.

Descendants of Joshua Blanton

Sometime after this census date, not only does Robert Gibson divorce his wife Elizabeth L. (**BARTON**) Gibson but he marries his neighbor's wife at house #10; Elsie M. (**SIMMERLY**) Carter before the 1940 census date. This means that Fred and Elsie got a divorce after the 1930 census and before the 1940 census. By the 1940 census, Elizabeth L. (**BARTON**) Gibson is single and living alone and Fred Carter is single and living alone but Robert & Elise (**SIMMERLY**) Carter Gibson are married and still living in Bourbon, Boone Township, Crawford County. Robert and Elise get a divorce sometime before she marries 3rd spouse; Louis C. Cardwell Sr. in 1951.

1930-1935 Divorce of Frederick "Fred" Calvin Carter and Elsie M. (**SIMMERLY**) Carter

Frederick "Fred" Calvin Carter and Elsie M. (**SIMMERLY**) Carter were divorced after the 1930 census date and before 1935 or when Elise married Robert "Bob" B. Gibson.

Research Note

Fred states in the 1940 census that he was in the same house in 1935, which is located in rural Boone Township, Crawford County. His ex-wife Elsie M. (**SIMMERLY**) Carter Gibson states in the 1940 census she was living with Robert Gibson in the same house in 1935, which is located in Bourbon. Therefore, it looks like Robert "Bob" B. Gibson divorced 1st wife; Elizabeth L. (**BARTON**) Gibson and Frederick "Fred" Calvin Carter divorced 1st wife; Elsie M. (**SIMMERLY**) Carter sometime between 1930-1935.

Katie, If this is the same Arthur that married Gladys, then they were married after the death of his wife; violet in 1965 and before Gladys death in 1975. This would indicate that Arthur Doerr buried his wife next to her 2nd husband!!! That seems unlikely unless...Arthur Doerr and Galdys E. (HULSEY) Fuchs Jones Doerr were divorced before her death. Ordering Gladys' death certificate would be a good investment since it would tell us if she died a Doerr or died a Jones, or even a Fuchs.

Incidentally, I was born at City Hospital #1 in St. Louis and my wife was born in East St. Louis. I lived in St. Louis most of my life and didn't move to Bradenton, Florida until 1994.

I just can't believe that Arthur would bury his wife while he was still married to her next to her 2nd husband and put both of their names on the headstone. My wife had a teacher named Fuchs and she said it is pronounced as Fox. Floyd

Floyd, Correction, it looks like Arthur died after Gladys, not before if the FGA is correct. It list Arthur Doerr's Death in 1984. If that is the same Art Doerr than he is buried with his first wife Violet. Katie

Email from Kathleen Richwalski kcrichwal@gmail.com 22 Sep 2013

Hi Floyd, I did a little more research about where Gladys is buried and Why. Gladys was married to John Jones in 1961 when John Jones died. They never had any children. They were very much in love, and John bought the gravesite for Him and Gladys. When John died Gladys bought the headstone for her and John, planning on being buried with John as he had provided the grave for both of them, before his death. So now several years later after John died, Gladys met Arthur Doerr. Arthur was a widow, His wife had died with Cancer, and he wined and dined Gladys. They went dancing, Gladys loved to dance. And he proposed and she accepted. Well after they we're Married Gladys discovered Art was an Alcoholic. No more wining, dinning or dancing. They weren't married all that long. nor was it a very happy marriage. But they were for sure married when Gladys died, 1975. Arthur was tight with his money once they were married. He had already buried his first wife. And I don't think he was to eager to buy Gladys another Cemetery plot especially since her last husband John Jones had provided a grave for her. So she told my mother before she died, that she really wanted to be buried with John Jones. Art didn't object because it did not cost him any money to bury Gladys then. I don't have a copy of Gladys E Doerr, May 13, 1975, death certificate. But I do have a copy of her Death Autopsy May

Descendants of Joshua Blanton

14, 1975. She died of Cancer also. On the Autopsy report it indicates Arthur Doerr, husband gave permission for the Autopsy. So he was still alive in 1975. I was married and living with my husband and baby in California. My Father had just died in Feb 1975, in St Louis. We didn't have much money back then and it took all we had to go to St Louis for my Father's Funeral. Then when my grandmother Gladys died there was no money to go. That is why, I was not able to attend Grandma Gladys funeral. So I did not remember if Art was dead or alive at the time. We were never close, and lost contact with him after Gladys died. I hope this clears up any confusion as to where Gladys is buried but positively she is buried with John Jones in Resurrection Cemetery. FAG # 6793652 I plan on ordering her Death Certificate, since I don't think Death certificates in Mo or available on line after 1961. Thank you for all your help. I Hope you have a great evening. Katie

Email to Katie 22 Sep 2013

That's great Katie. I knew there was something fishy about a current husband having his wife buried with her previous husband. This clears it up so I can close my file on Gladys. So, I am ready when you are for a Ancestral Family History...Gladys E. (**HULSEY**) book. I reran it so I included all I added and it is 284 pages with 12 generations. Thanks Floyd

Email from Katie 22 September 2013

Hi Floyd, Wow that is so awesome. Thank you. I am not sure what you mean by am I ready? I haven't had time to sign up for Legacy yet. I did purchase Family Tree Marker a longtime ago. Which I picked up somewhere, on a close out table. But I have an Apple Computer now and the instructions mention using windows program and I am not sure if it will work in my computer. I will check with my daughter. Then for sure if it won't work in my Apple Computer I will order the Legacy standard edition. Then I guess I should be ready to go once I get my program set up. Katie

Email sent to Katie 23 September 2013

Katie, apparently you are confused, the Legacy website I gave you lets you download the standard edition for free. Just give them your email and follow the directions and it will load to your Apple computer. After you have tested it for awhile to see if you like it, then you can order the Deluxe edition, which allows you greater flexibility. You had said you were going to send me \$25.00 for the AFH book on Gladys. That's what I meant when I said I was ready to run your book. When I get your \$25.00 then I will send you the cd.

Do you know what the E. is for Gladys' middle name? Floyd

Research Note

Even though Raymond's birth location is recorded as above from ancestry.com, googling Jameary Street or Avenue did not produce any results. Ancestry.com has been known to use foreign labor (India) to transcribe their records, producing a huge amount of mistakes due to their unfamiliarity with American names and places. Reading Raymond's birth certificate, if he filed a dealyed birth certificate, might be the only way to determine his actual place of birth. I'm thinking it could actually be January Avenue.

Research Note

Should not confuse Raymond F. Fuchs born 6 May 1902 son of Frank X. & Caroline "Lena" H. (BATHE) Fuchs who died October 1967 at FAG#49554596. This subject is not related. Several trees on ancestry.com have comingled the two and are in error.

Tribute to Our Pre-1975 Family History Pioneers

by Floyd Thomas Pratt F.H.C., M.A.G.I. 8 August 2008

When I began my research in 1975 there were very few people who knew anything about the Pratt and Blanton families. Of all the hundreds of people I had talked to, only three distinct individuals were knowledgeable about these families.

[1] Geraldine Mabel (**MILLER**) Reed married to Harvey John Reed of Saint Francois County, Missouri. She was knowledgeable concerning the Blanton, Pratt, Carter & Harmon families of Tennessee. I had driven to Desloge and visited with Mabel many times and shared research material. She was a pioneer in family history research.

[2] Malinda Irene (**HULSEY**) Murdick married William "Bill" George Murdick of Saint Francois County, Missouri. She was knowledgeable concerning the Blanton, somewhat on the Pratt and a great deal on the Hulsey families. I had driven to Farmington and visited with Irene and shared research material with her before she got sick and moved into St. Louis to live with her daughter.

[3] Julia Mae (**HARMON**) Blanton married Roy Lewis Blanton of Steelville, Crawford, Missouri. She knew a great deal about Blanton, Harmon family connections. She was not very knowledgeable concerning the Pratt families. I can't recall visiting with her other than a few phone calls and letters. Where I obtained some of her research was given to me by her and others.

These three ladies were and are responsible for 90% of what is known about the Blanton, Hulsey, Harmon families of Missouri that you now find on the internet. If you notice, there were no Pratt family historians in the 1970's other than the information Mabel had...that was it.

These ladies researched the old fashion way...by leg work and digging in old courthouses for information. They interviewed relatives and researched cemeteries and obtained their information the hard way.

When I came along to fulfill the requirements of my church, all this information they shared with me had to be documented and "proven" with reliable sources, which up until my time was not really a priority for family history researchers.

My tribute to these remarkable ladies is the fact that they pointed me in the right directions and I was able to dig and prove their research and take it to the next level. I was able to accomplish this because, I was young and had the time and monetary resources to go to the cemeteries, courthouses and visit with relatives to fill in the blanks.

Without their help, 90% of what you have found on the internet would not be there because I would not have been able to validate their research and make my findings available to the public. This is a tribute to them and their lifelong dedication for a great sacrifice endured, and in the process they have provided us with a legacy for future generations. Thank you ladies, see you soon.

Research Note

A curious observation concerning the 1930 census. At house #4 in Bourbon is the financially well-to-do Mary Eva (**GINTZ**) Barton, widow of Alfred Webster Barton who had died in 1928. Mary is the mother of Elizabeth L. (**BARTON**) whom married Robert "Bob" B. Gibson in 1924-1925. Not only is her daughter Elizabeth living with her, but Elizabeth's husband Robert "Bob" B. Gibson is living with Mary Barton.

Sometime after this census date, not only does Robert Gibson divorce his wife Elizabeth L. (**BARTON**) Gibson but he marries his neighbor's wife at house #10; Elsie M. (**SIMMERLY**) Carter before the 1940 census date. This means that Fred and Elsie got a divorce after the 1930 census and before the 1940 census. By the 1940 census, Elizabeth L. (**BARTON**) Gibson is single and living alone and Fred Carter is single and living alone but Robert & Elise (**SIMMERLY**) Carter Gibson are married and still living in Bourbon, Boone Township, Crawford County. Robert and Elise get a divorce sometime before she marries 3rd spouse; Louis C. Cardwell Sr. in 1951.

A Little Something About Your Author.....

Floyd Thomas Pratt F.H.C., M.A.G.I.

At the age of 19, Mr. Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Floyd started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others. Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors. It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Due to confusion with Pratt ancestors and not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 50,000 individuals in his database and has achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended family reunions and obtained his material from the actual sources when possible.

Being a researcher of the highest degree, in 1991, Mr. Pratt created  **Pratt Publications**.

He began to offer to the public, a series of books titled, Pratt Progenitor Papers. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 11 volumes were sent to the Salt Lake Genealogical Library with 60 volumes scheduled for publication.

In 1996, Mr. Pratt created the  **Genealogical Institute** to further the education of serious researchers.

A Little Something About Your Author.....

The **Genealogical Institute** offers a series of educational materials to teach and instruct the novice as well as advanced researchers, procedures Mr. Pratt has tried and tested to be of great value in family history research. These courses offer “a hands on” curriculum designed to instruct in investigative, deductive reasoning and logical techniques for tracking your family history. Many have found a treasure chest of knowledge when undertaking these courses.

Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, these courses are valuable tools for the family history researcher. Mr. Pratt has been informed by researchers his material found in his publications are recorded as source validation for such organizations as the Sons of the American Revolution (SAR) and the Daughters of the American Revolution (DAR).

Upon completion of the educational courses from the **Genealogical Institute**, the graduate is awarded the *Master Accreditation* of the *Genealogical Institute*. (*M.A.G.I.*) Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Mr. Pratt’s ability in family history research has amazed many experienced researchers. When Mr. Pratt is asked for help concerning their “brick wall” in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize, this knowledge has been acquired over 40 years of research.

In June of 2000, Mr. Pratt undertook a new and unprecedented task. Outside of Washington, Saint John’s Township, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery aka; misnamed the McAllister Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750’s and arrived in the Missouri Territory shortly after the 1803 Louisiana Purchase.

Mr. Pratt recorded all the information off of the headstones including every person in the cemetery and researched each individual related to Mr. Pratt or not. 1000 man-hours and two years later, he published the book “**JOHNSON-CALDWELL CEMETERY OF FRANKLIN COUNTY, MISSOURI**”©.

Obtaining newspapers, legal documents, talking to ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text.

What makes this book unique is based on several factors. First, it is the only book to report on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children. Second, this book contains a unique index, listing the individual and their father’s name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research should be based. No one has ever produced a body of work as unique and professional as this publication.

As the years moved on, Mr. Pratt became concerned about his 40 years of hard research work of various family histories. After a serious heart attack in 2012, Mr. Pratt decided to post his collective bodies of work on a website making them available to all interested researchers without compensation.
